

## CONTINUAL CARE PROVISIONS - CATS

Please take time to think about what would happen to your precious pet(s) if you become seriously ill or die unexpectedly. Please discuss your wishes with your next of kin and leave written instructions so others know your wishes. \*\*You may want to make your wishes official and include them in your Will.

Will your immediate family automatically continue to keep your pet(s) ?  
 Will someone look after it (them) the way you would want ?

If you are not sure:

- have you made some provisions with other family members or a friend to look after your animal(s) immediately upon your illness or demise ? put them in boarding ?
  - have you set aside a sum of money in your Will to pay for the cost of looking after your pet(s) for food, veterinary care, grooming and boarding during your illness or demise?
  - do you want your pet(s) re-adopted to a new home ?
- 

### CAT FORM
